Perk Musacchio, M.Ed

WHAT OUR READERS HAVE TO SAY...

A Student's Guide...

"This book offers invaluable advice to high school and college aged students. Utilizing the tips in this book would certainly help students achieve better results."

"Competition is fierce! Suggestions found in this book will give the reader an edge when applying to college or finding a job"

"Practical and on target guide for high school and college students"

No Manual? No Problem!

"...this book caused me to take a look within my home and ask myself how I could make improvements in my daily life that would benefit my kids. I love that it has loads of practical advice and real life stories on a wide range of topics relating to raising children and helping them thrive. Teachers and parents must read!"

Amazon Customer, Parent and Educator

"...a one stop shop to help children and their parents thrive..."

Dr. Kathy Hirsh-Pasek, Ph.D. Child Development Expert, Temple University Department of Psychology, and Author of Einstein Never Used Flash Cards and Becoming Brilliant

"...THE manual to guide parents through the maze of parenting in the 21st century.

Beth Lambert Director of Epidemic Answers and Documenting Hope Project and Author of A Comprised Generation and Brain Under Attack

"...a comprehensive guide to parents on a wide range of topics to help support healthier children, both in mind as well as body."

Dr. Amy Yasko, Ph.D., NHD, AMD, HHP, FAAIM, Author of AUTISM: Pathways to Recovery and Feel Good Nutrigenomics
